

August 16, 2020: New Guidelines

Dear CDS Community,

We know you are awaiting more updates from CDS and we wanted to share the most recent plans based upon the most recent health department directives as of late Friday afternoon. We will be working with faculty beginning tomorrow and teachers will be sharing more specific schedules with you as soon as possible.

As a summary – **we will be coming together in person for preschool and TK and online for K-8th grade to start the year.** As of Friday, we are allowed to do some outside meet-ups by cohorts and we will be working on a plan for that to happen this week. We are not allowed to offer childcare to anyone other than our own employees but are working to put a plan in place with a third-party vendor so we can offer care to the 64 families requesting it as soon as possible. This change came up this week with some expanded guidelines from the department of public health.

To my view my recording from today, please see:

Password: 66+KB\$#%

Also, we heard from some of you that there were problems with a link we sent out Friday, which is the recording of last Wednesday's Town Hall. This link should work:

We look forward to seeing you online and on the yard very soon!

Warmly,
Shelly
